

# Optimized Tricopter Template

Based on the design by RCExplorer.se

## Assembly Information

For detailed instruction on how to assemble this tricopter, visit [www.RCExplorer.se](http://www.RCExplorer.se)

This frame design can be used for a tricopter or for a T-copter; and it can also be folded down for easy transportation.

Original design by RCExplorer.se  
Modifications and CAD drawing by colorex
