1000mm wingspan *Planedemic 2020*

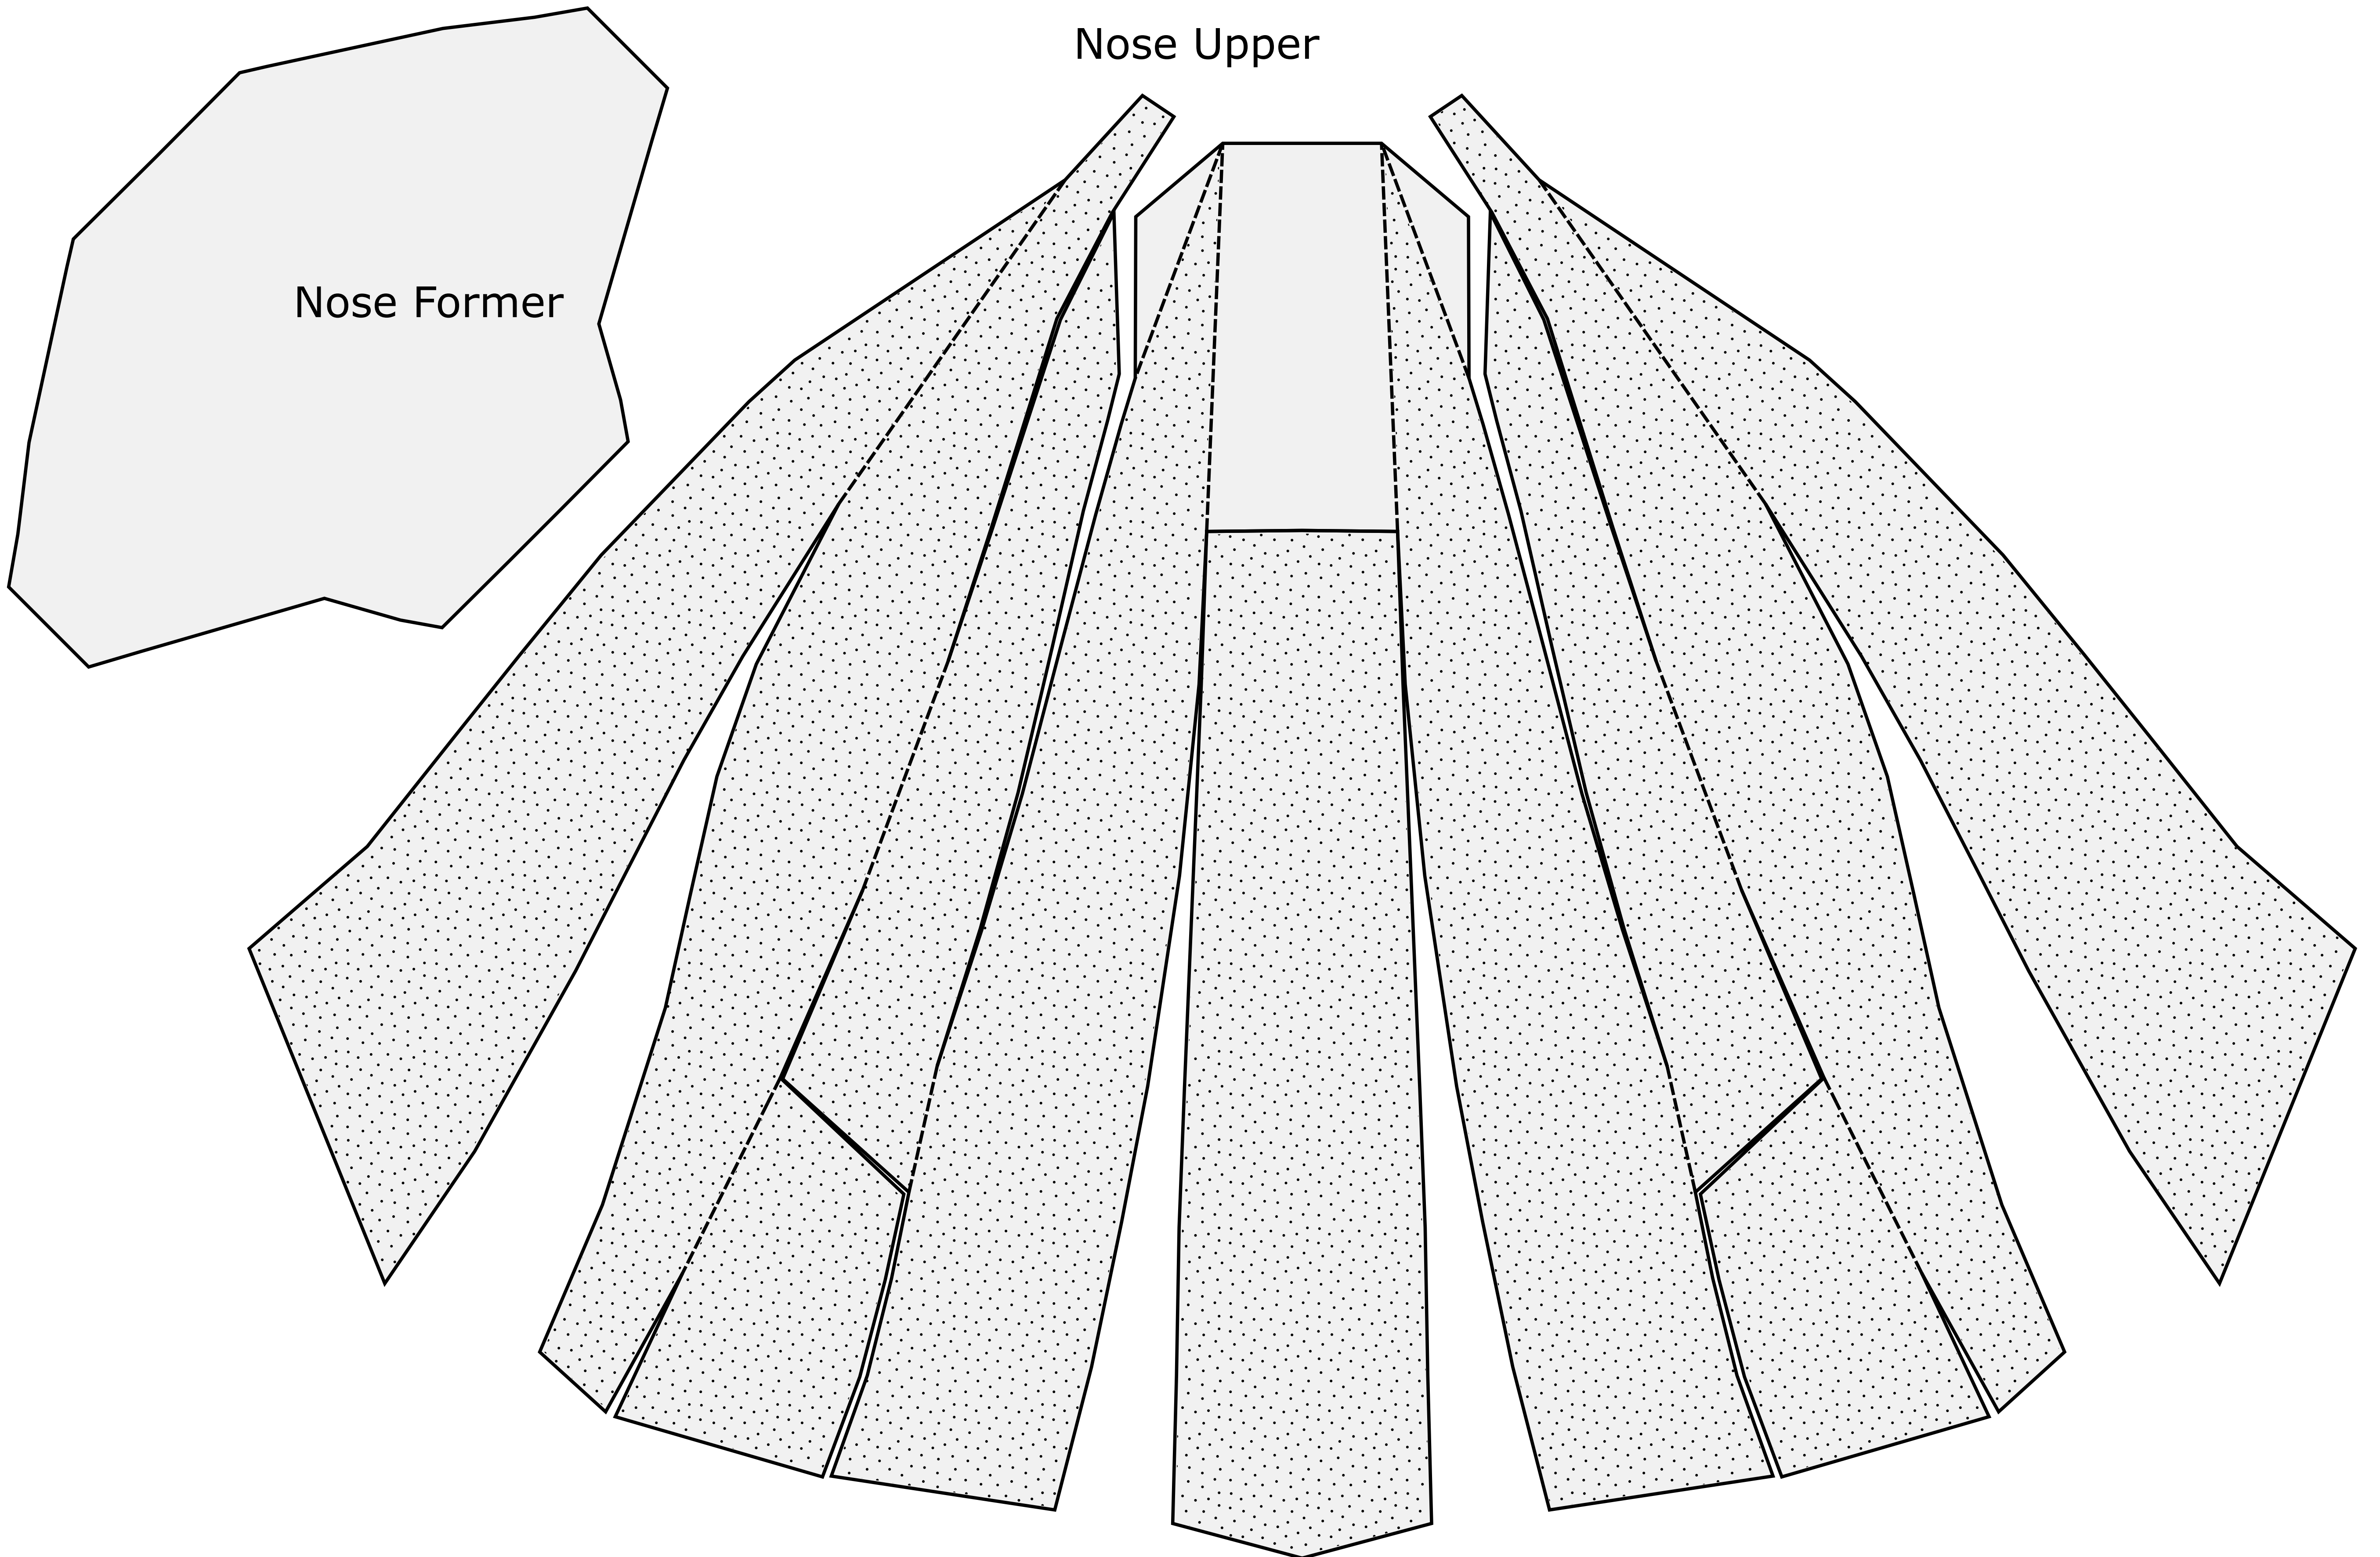

FLEMDOGMILLIONAIRE

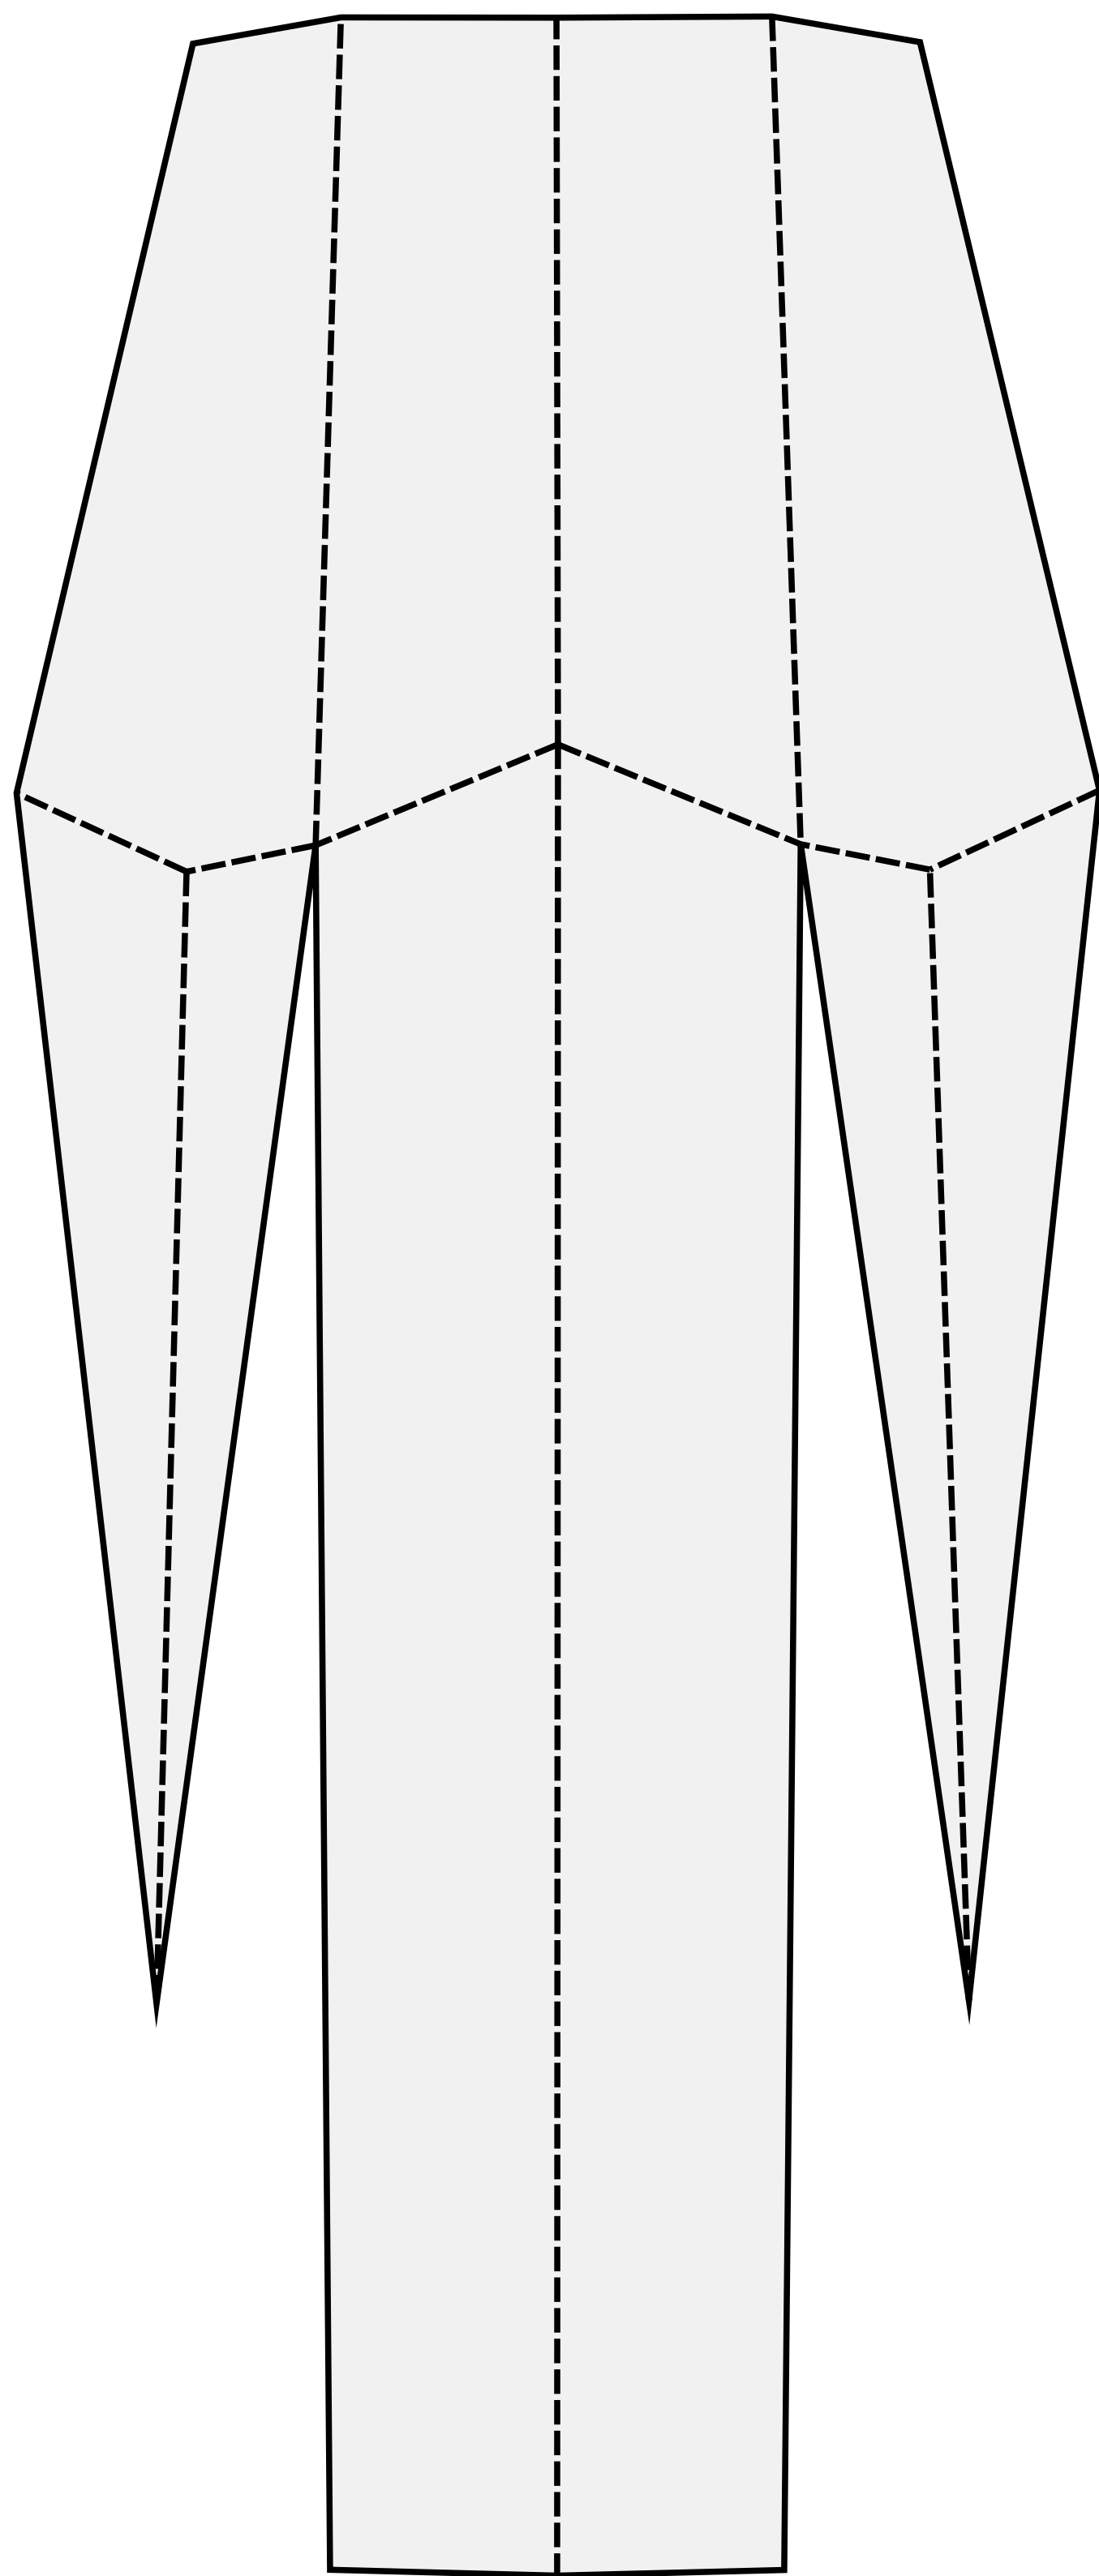

Nose Upper

Nose Former

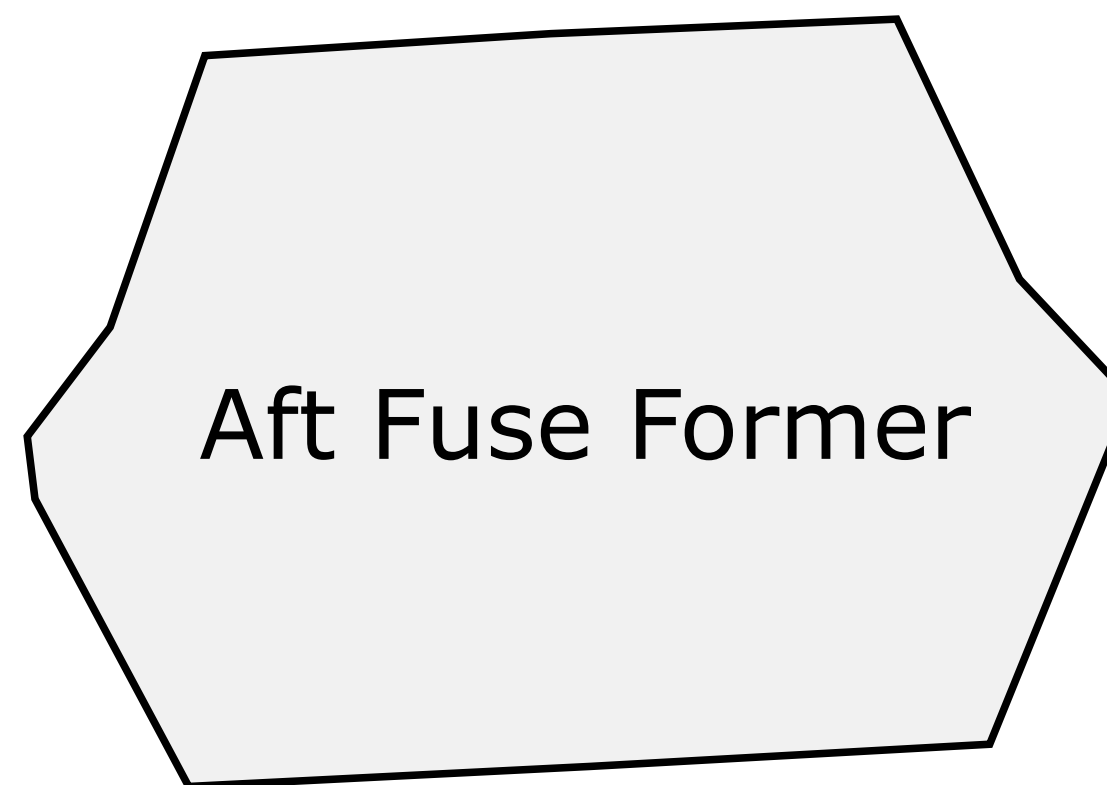

Put pin hinge here

Top Scoop

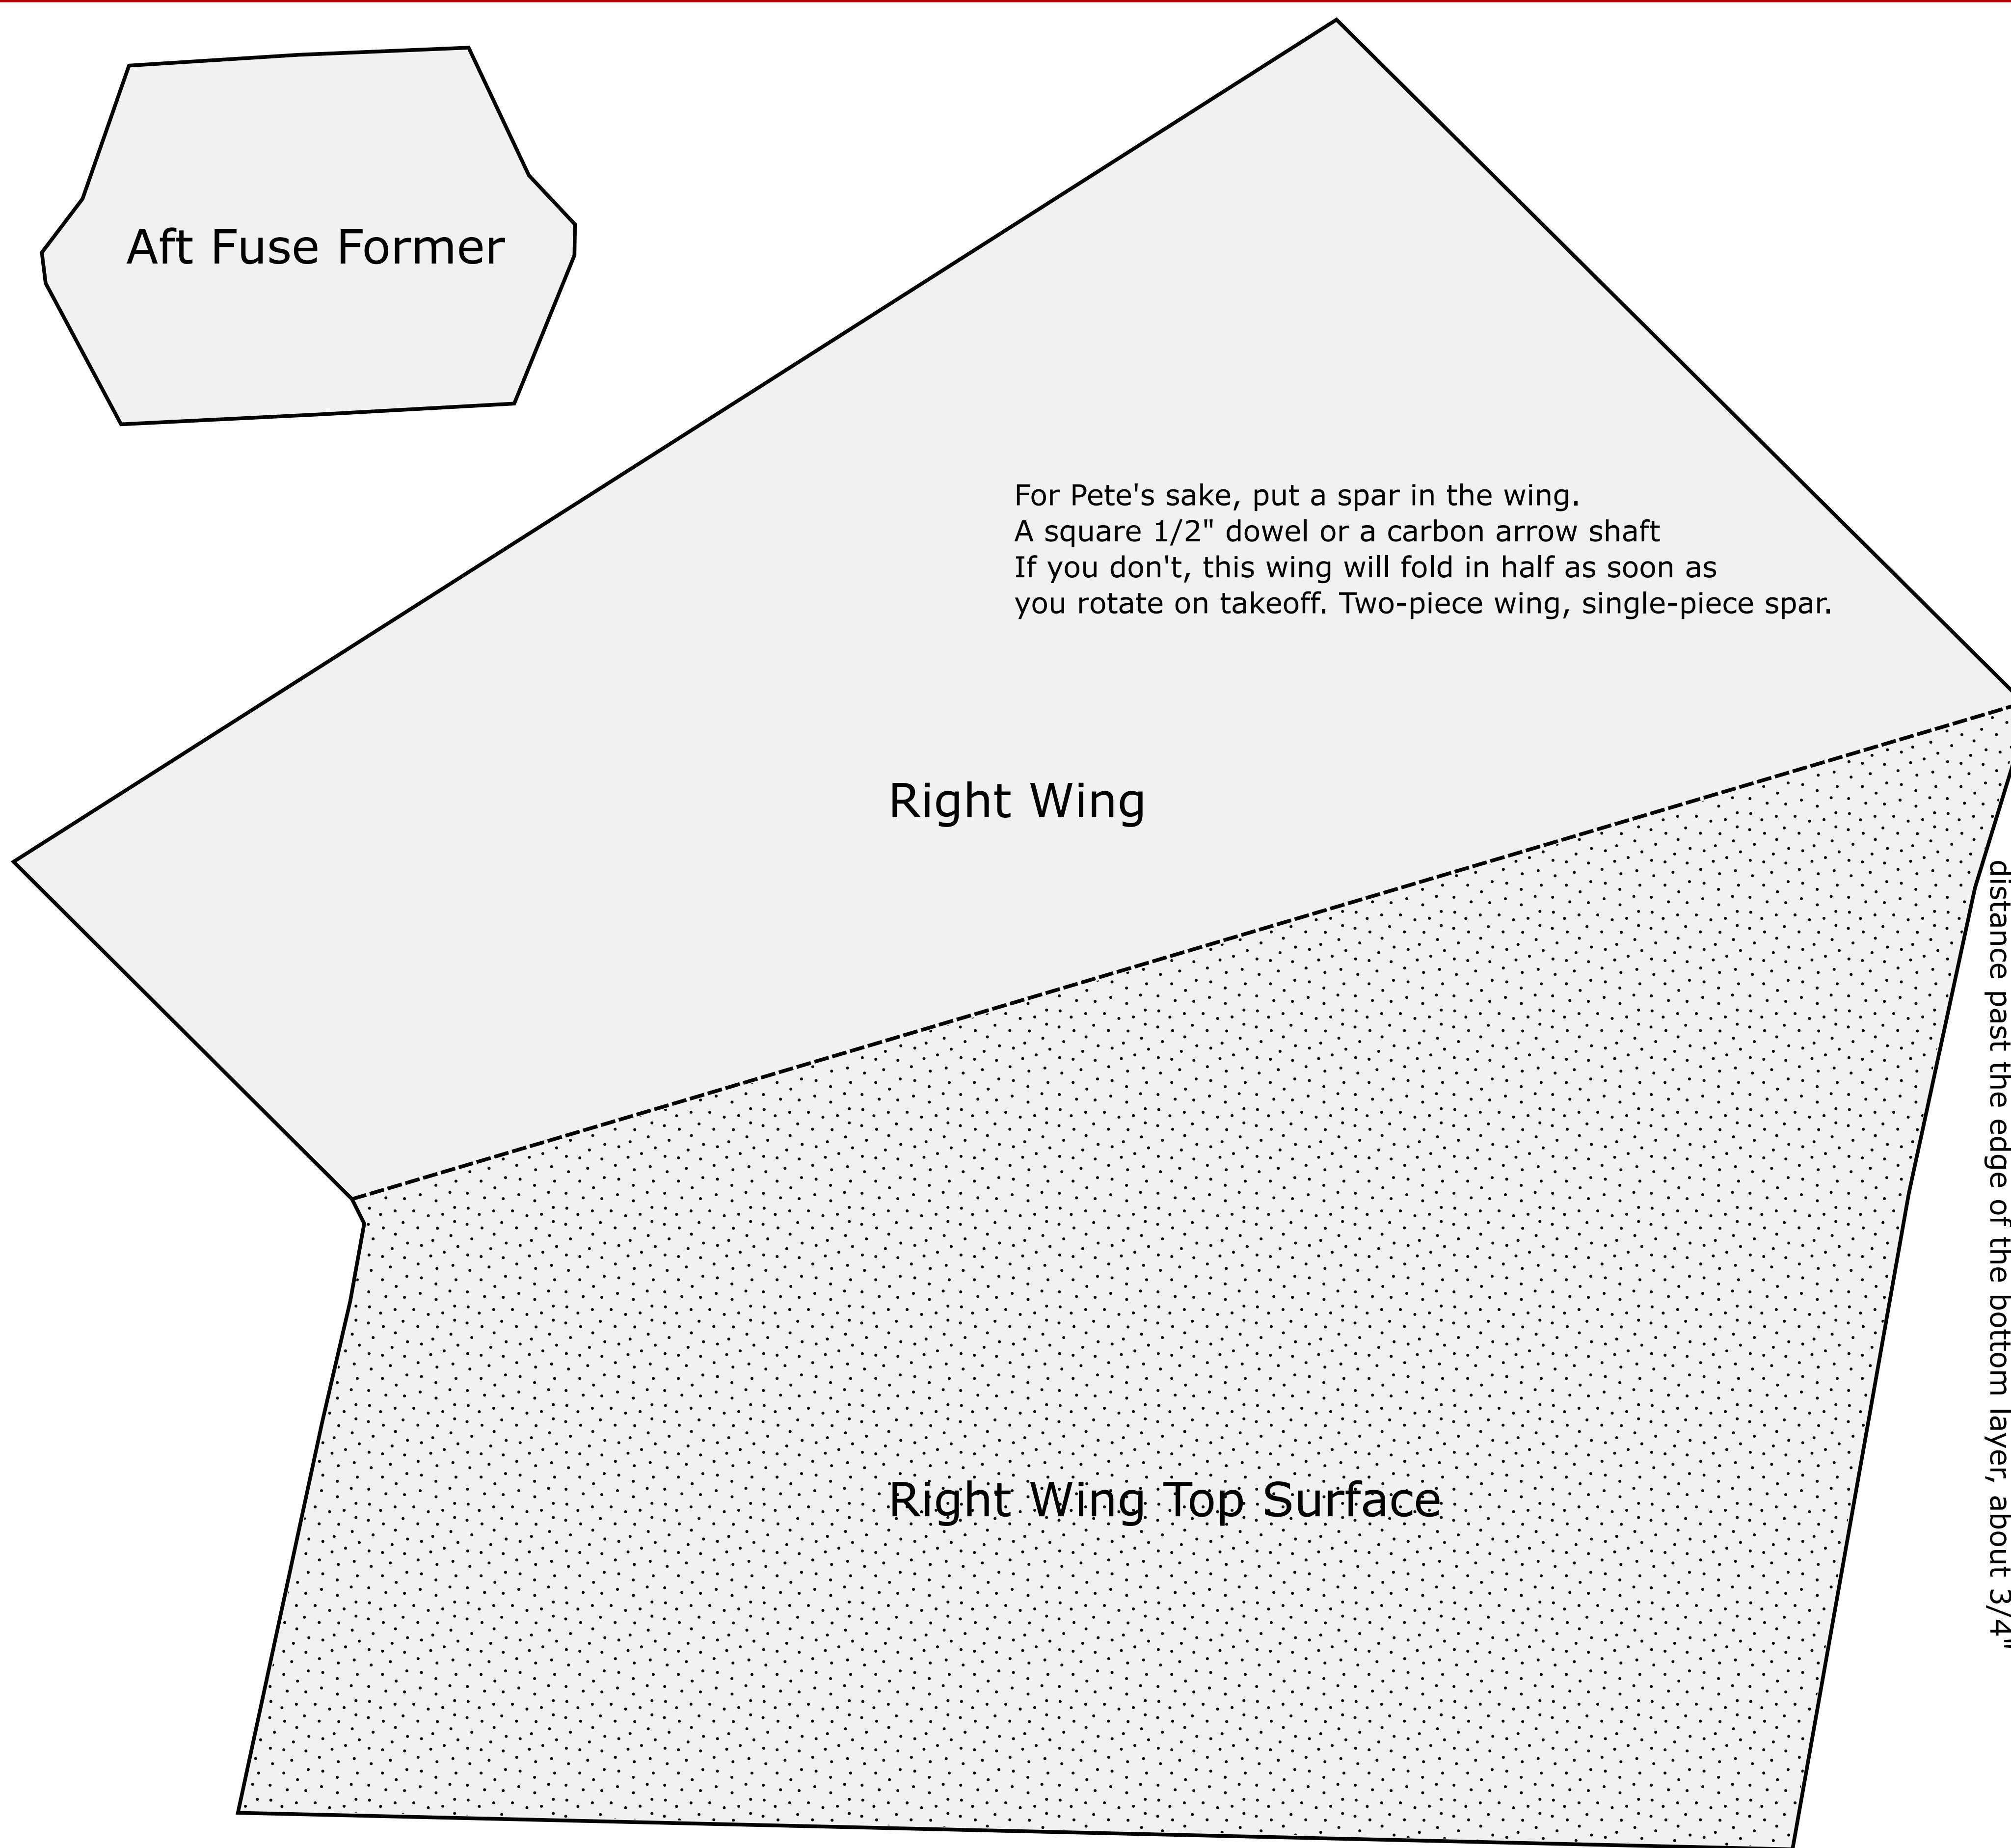

Aft Fuse Former

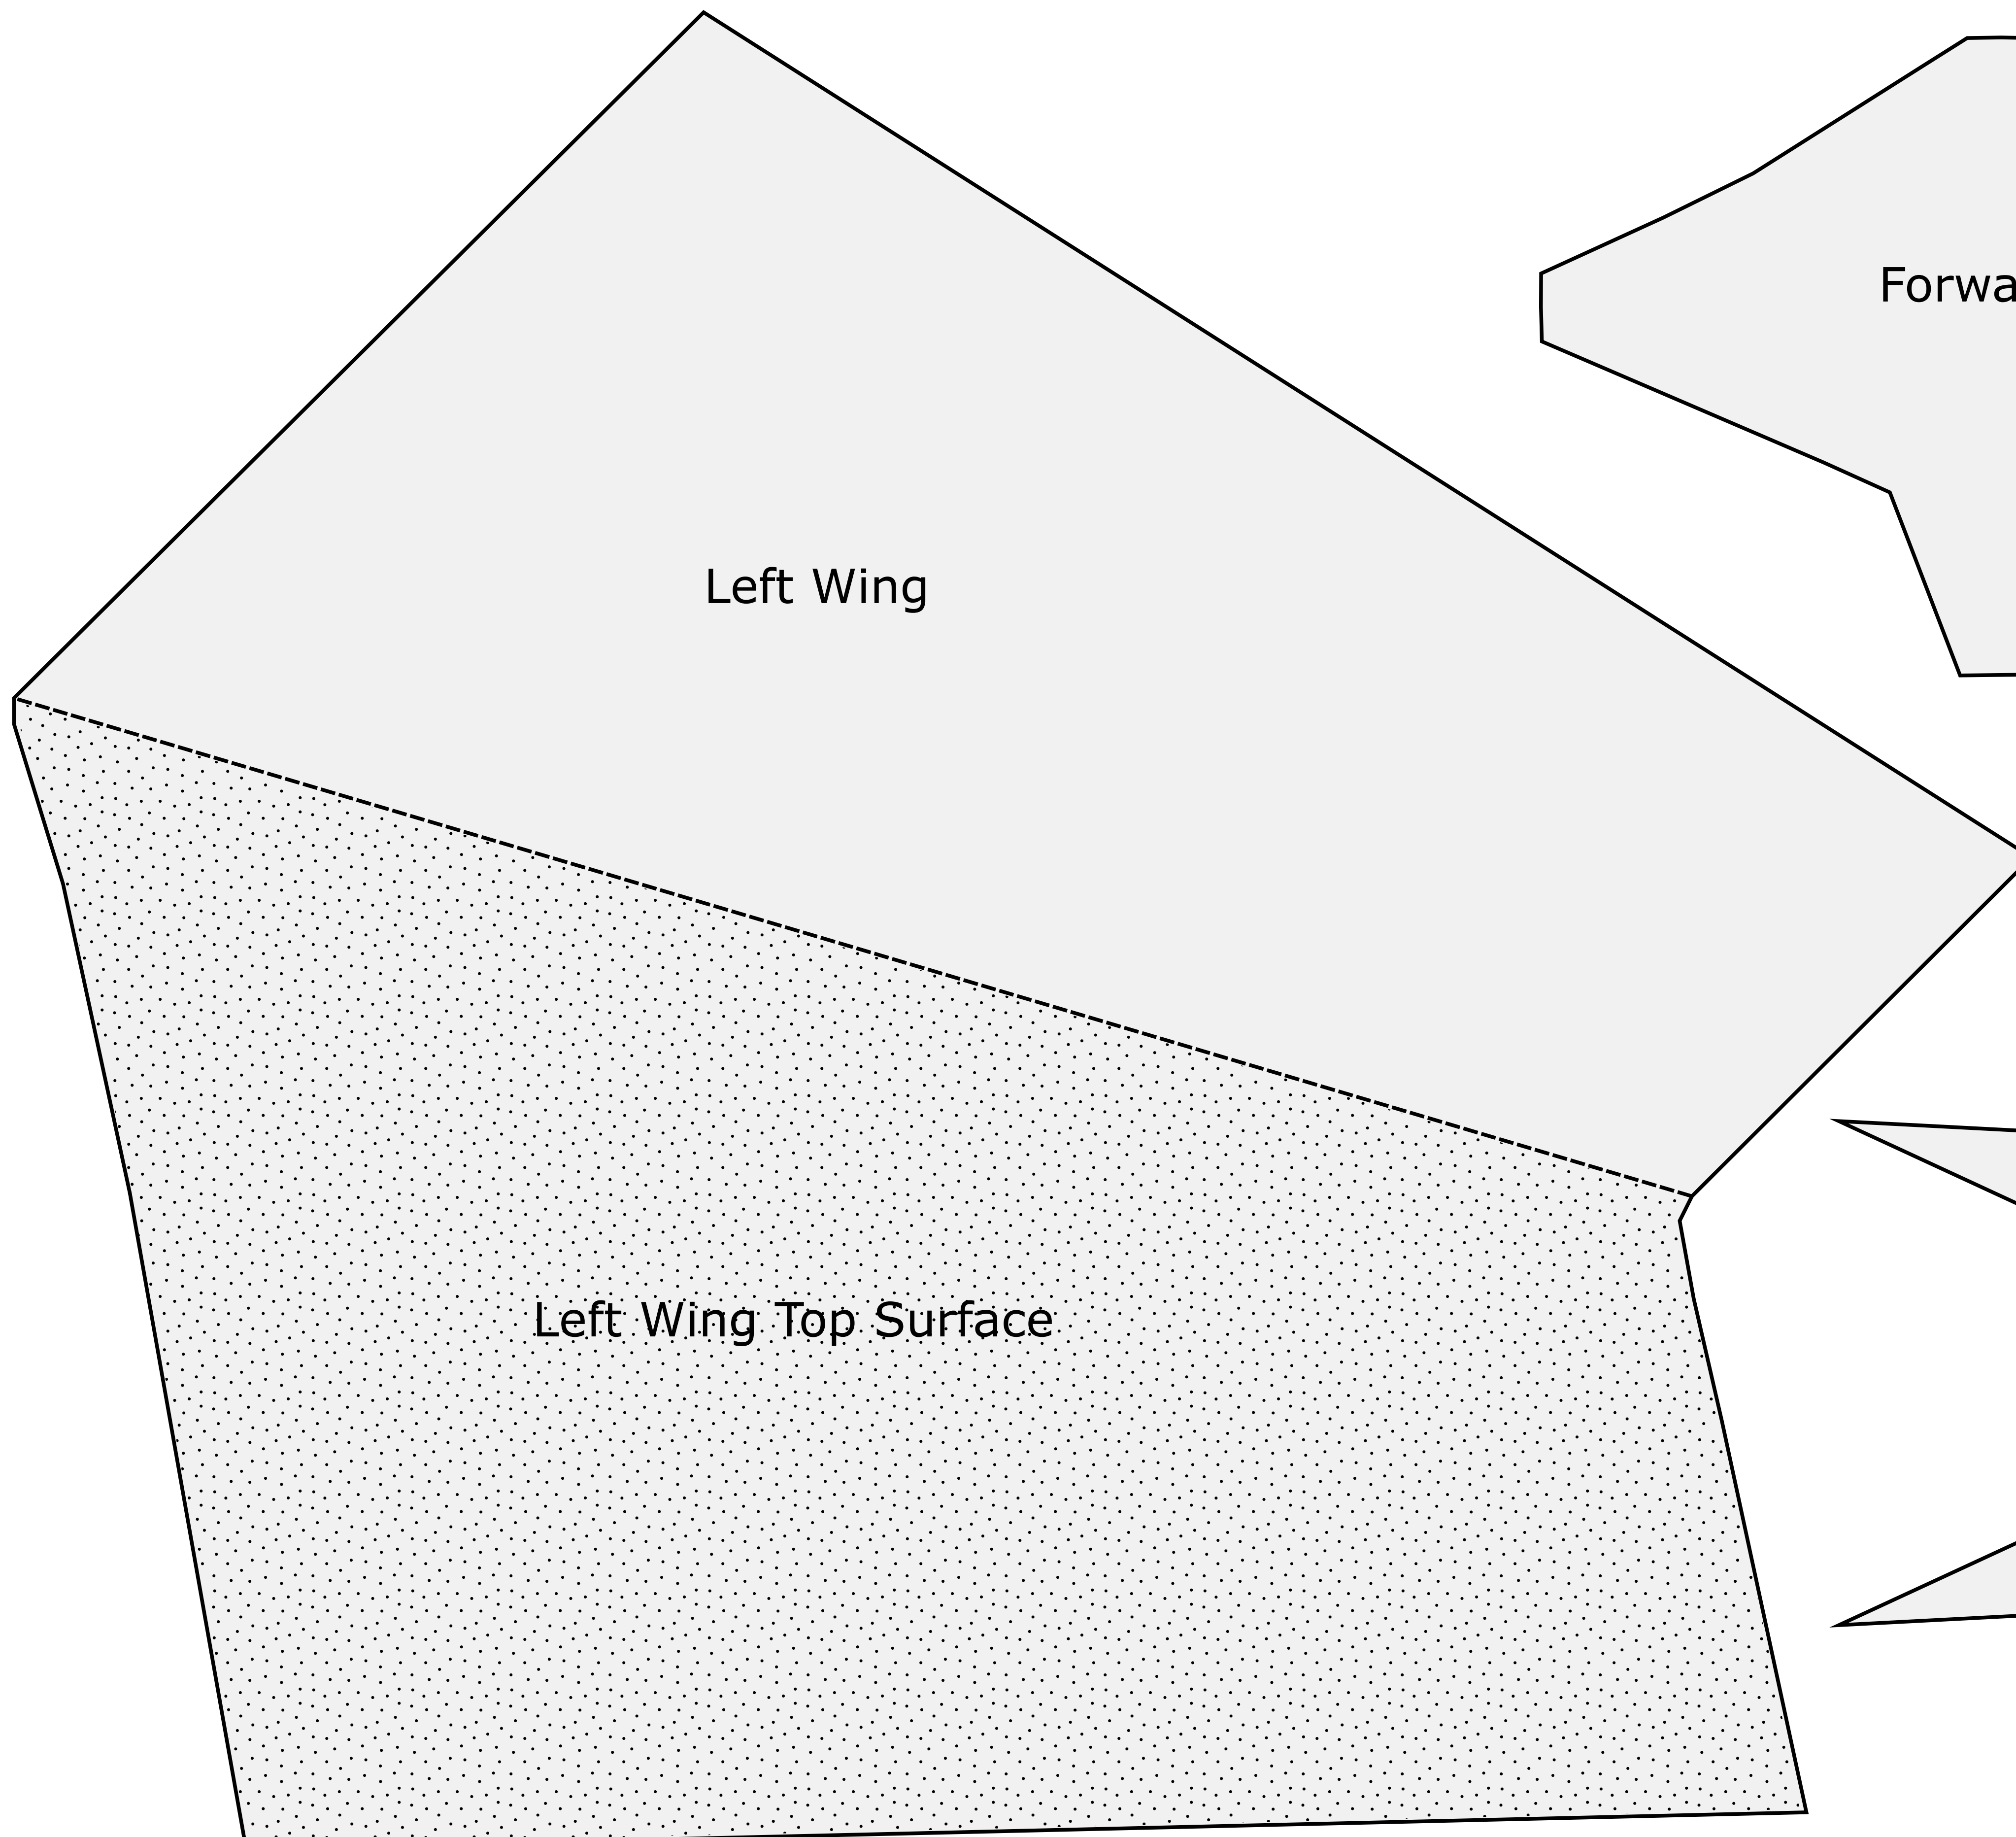

For Pete's sake, put a spar in the wing.
A square 1/2" dowel or a carbon arrow shaft
If you don't, this wing will fold in half as soon as
you rotate on takeoff. Two-piece wing, single-piece spar.

Right Wing

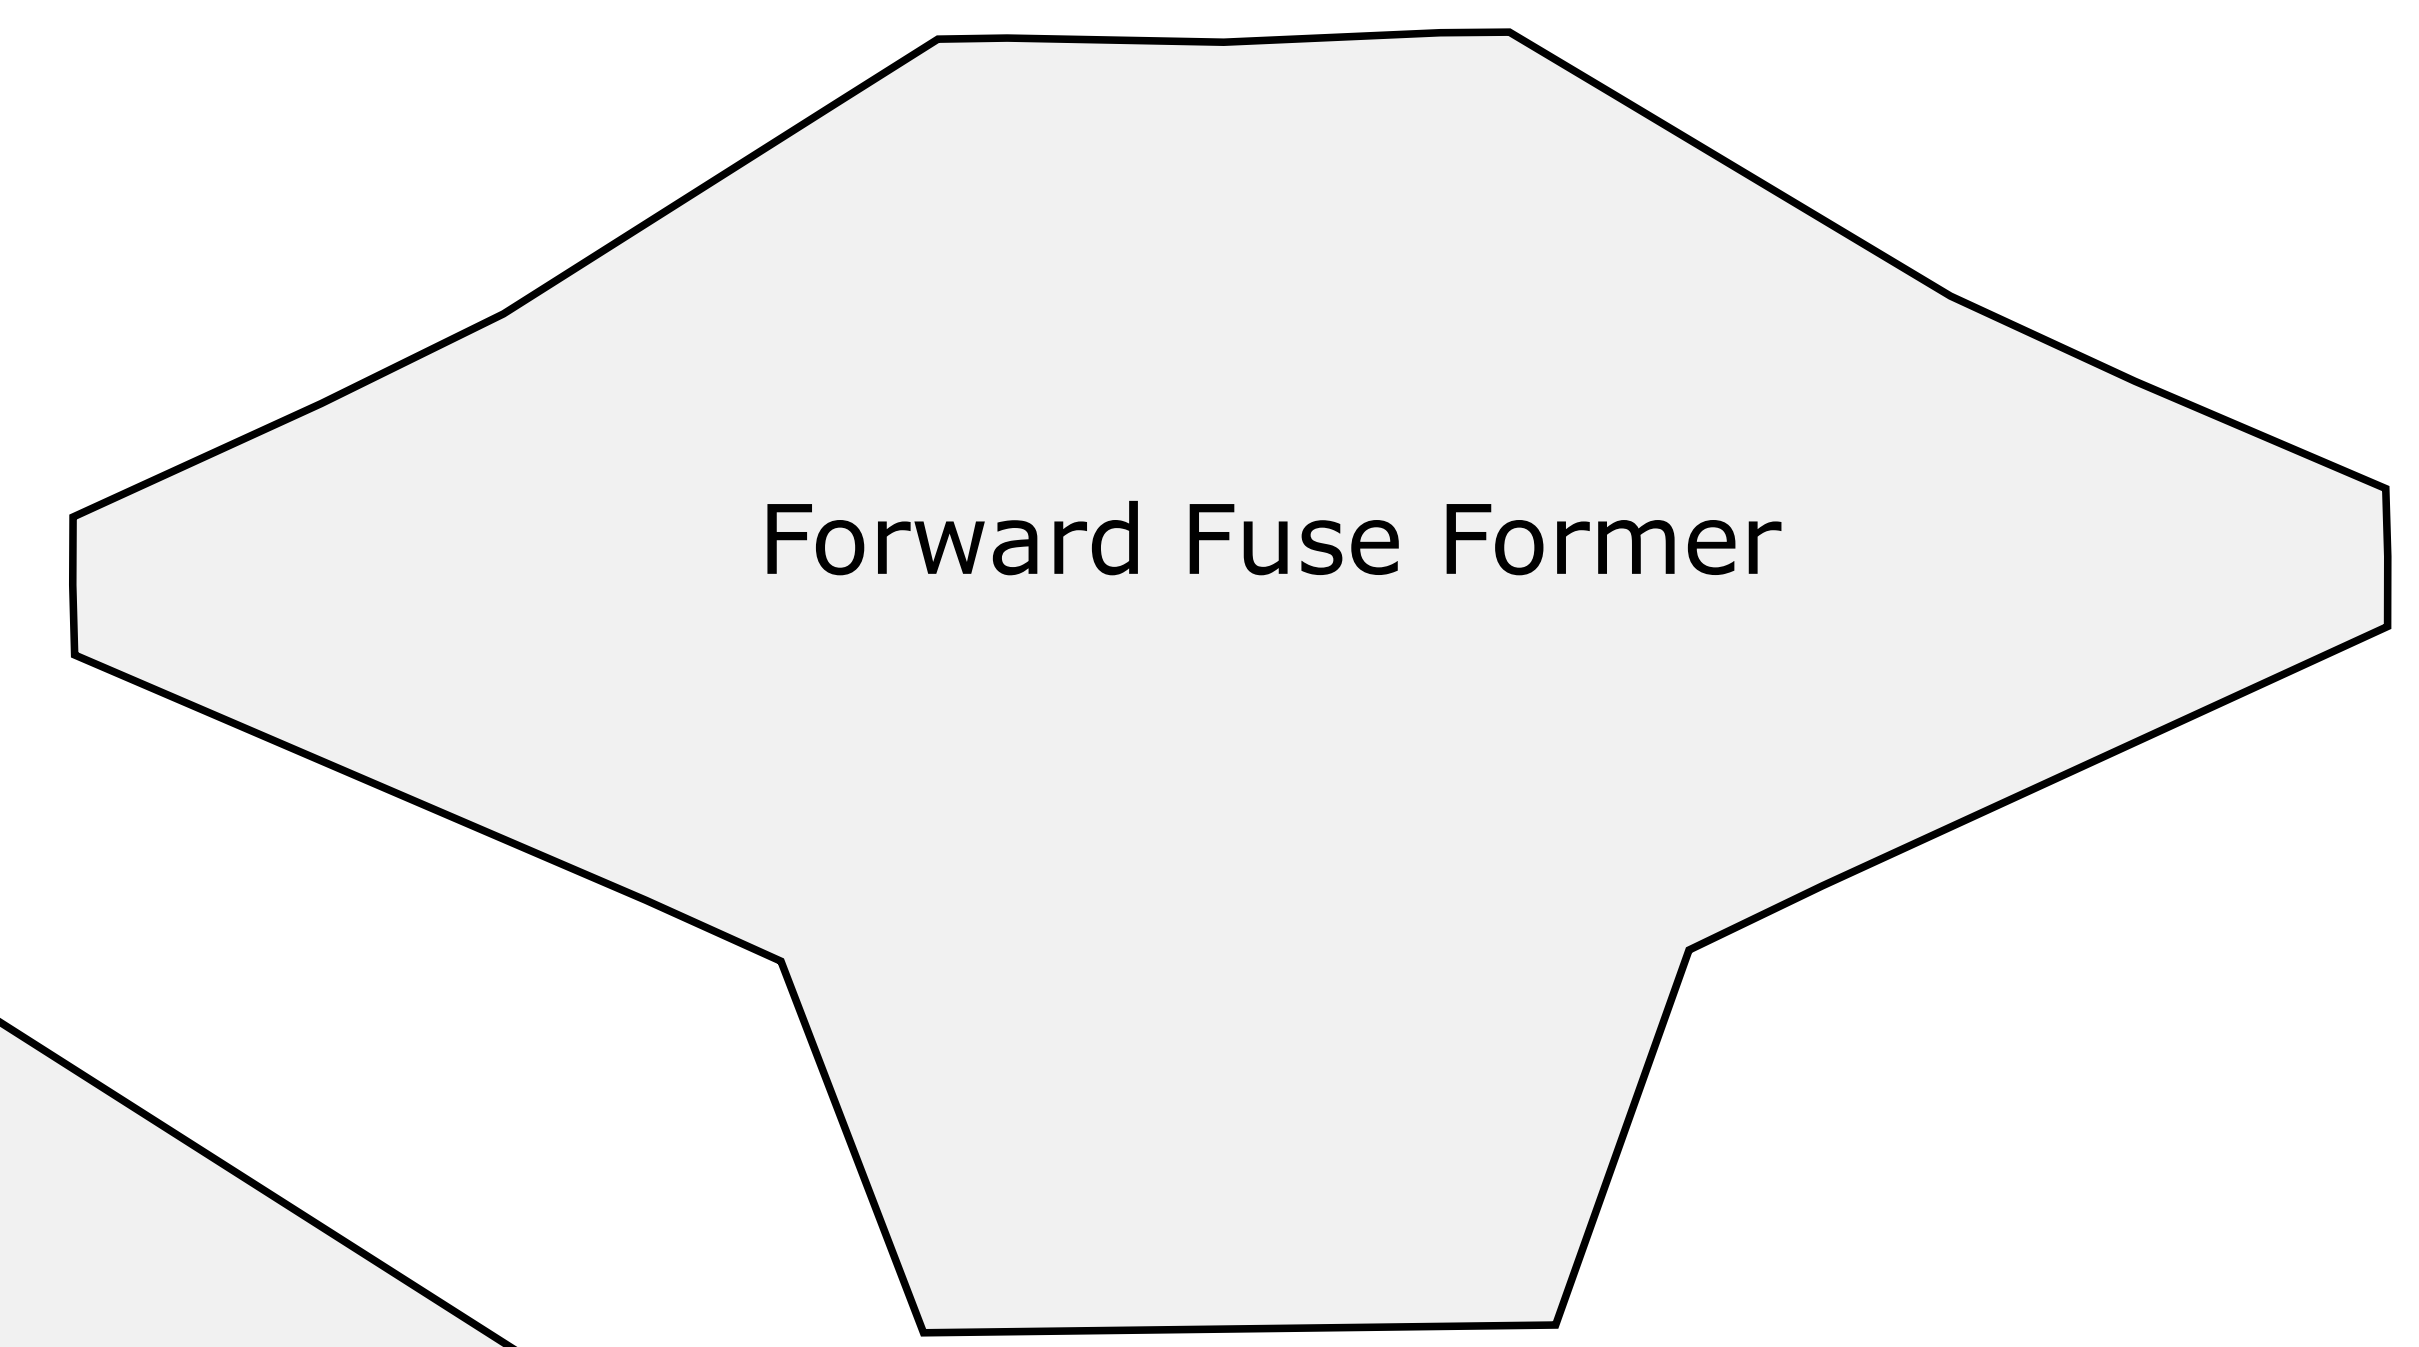

Right Wing Top Surface

Trailing edge of the wing should have the top layer extend a uniform distance past the edge of the bottom layer, about 3/4"

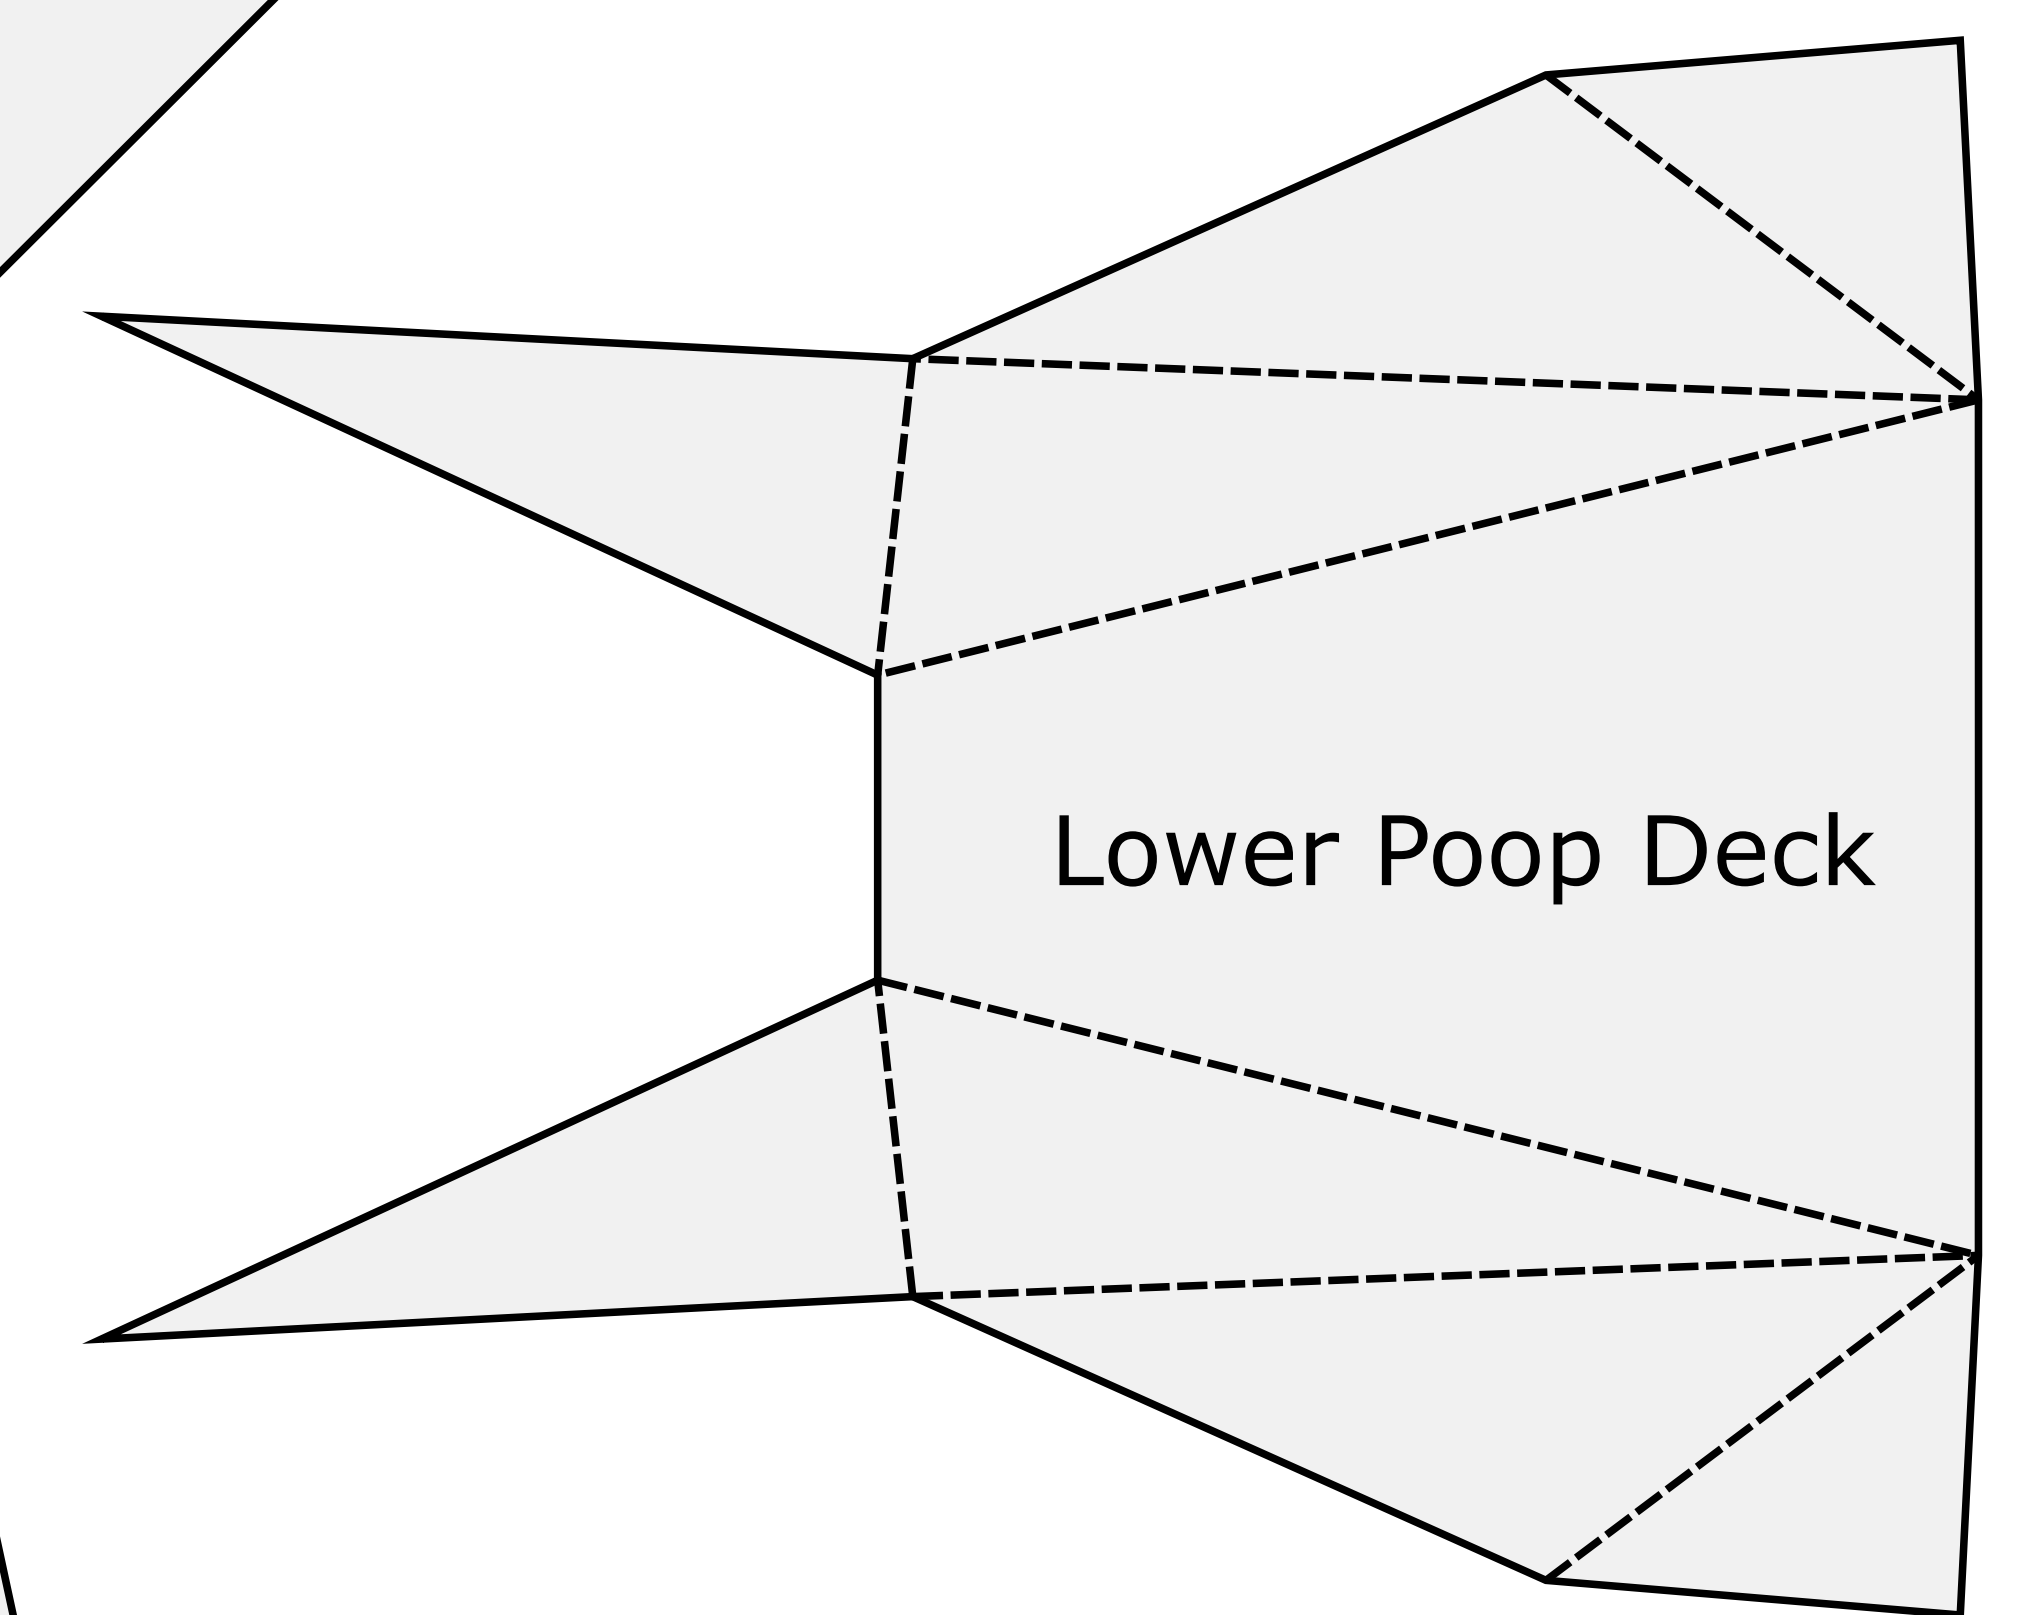

Left Wing

Left Wing Top Surface
